

Torchman™, Bertha™ & Industrial Construction Torches

Easy, portable spot heating

L.B. White's full line of torches provide a quick, easy way to handle a wide range of construction spot heating needs. For general purpose heating, select one of our streamlined, lightweight Torchman models. For heavy duty and special purpose applications, rugged cast iron Bertha and Industrial torches are the way to go.

Variable Spot Heating

Perfect for roofing, roadwork, thawing pipes or burning brush, L.B. White torches offer durable steel construction with a choice of heat outputs, handle lengths and fuel types.

- Range of Models
 - 200,000 Btu/h
 - 250,000 Btu/h
 - 400,000 Btu/h
 - 500,000 Btu/h
- Solid steel construction
- Manual or pilot ignition
- Handle lengths from 11" to 29"
- Adjustable output throttle valve
- Natural gas or propane models
- No regulator needed (Torchman)

Simple Set Up, Reliable Performance

L.B. White torches require minimal assembly so they are easy to set up and use. And with L.B. White, you know you're getting a quality design and durable components that will provide years of worry-free operation.

L.B. White... Experience You Can Count On

Recognized as a leader in construction heating for more than half a century, L.B. White offers the technical expertise and knowledgeable customer support you can count on for all your construction heating needs. In addition to its Torchman, Bertha and Industrial torches, L.B. White offers a full line of portable gas forced air, kerosene, convection, circulating and ductable construction heaters.
